

# Autonomous (driverless) Trucks coming soon to the container terminals

The Port of Felixstowe will soon be introducing Autonomous Trucks (AT) onto the container terminals. **ATs have right of way at all times!**

- Always give way to an AT, including at box junctions
- Never overtake an AT when it is motion
- Always maintain a safe distance of at least 8 metres
- Stay in your cab unless it is an emergency

- If you are involved in an incident do not approach or touch an AT
